Continental breakfast and lunch will be provided on-site to all course participants. Extra tickets may be purchased at the registration desk for guests. The JPVMA thanks the meeting sponsors for their continued support.

CONTINUING EDUCATION

Application for 18 hours of continuing education credit has been made to the Kentucky Board of Veterinary Medical Examiners. A certificate of attendance for CE credit will be provided.

ACCOMODATIONS

Please make your own hotel reservation. A block of rooms as well as two and three bedroom cottages have been reserved at Kentucky Dam Village State Resort Park, P.O. Box 62, Gilbertsville, KY 42044. Reserve your rooms by February 16, 2012 by calling 1-800-325-0146 or (270)362-4271.

Please specify that you will be attending the Twin Lakes Veterinary Conference to receive this special rate. Directions to Kentucky Dam Village State Park may be found at the website:

www.parks.ky.gov/findparks/resortparks/kd/

RECREATION

Bring your family for the weekend! Fishing, golf, shopping at a nearby mall, hiking, and water sports are available.

Make plans now to enjoy the fun-filled activities for all ages at the Homeplace, the Nature Station or the Planetarium. There are also driving tours of the Bison and Elk Prairie.

For details, go to: www.lbl.org/Home.html

Randall Fitch DVM, MS, DACVS

Dr. Fitch received his DVM degree from University of Wisconsin then completed a small animal medicine and surgery internship at Washington State University followed by a small animal surgery residency at Auburn University. He was retained as a research fellow in orthopedics for Scott-Ritchey Research Center before entering a faculty position in small animal orthopedics at Louisiana State University. Following four years as an Assistant Professor at Louisiana State University, he was offered a position at Colorado State University in which he served on faculty before leaving for private practice in 2003. During his academic tenure, he received multiple teaching and research awards in small animal orthopedic and neurologic surgery. Dr. Fitch has authored and coauthored over 35 scientific articles and book contributions.

Currently, Dr. Fitch's clinical research interests include canine stifle injuries, sports medicine, fracture repair, surgical spinal cord disease, shoulder instability, arthroscopy, elbow dysplasia, angular limb deformities (correctable abnormal limb alignment), and juvenile bone and joint disease. He is actively committed to improving diagnosis, advancing better treatments, and providing better pain control and compassionate care for our pets.

Michael Lucroy DVM, MS, DACVIM

Dr. Lucroy received his DVM from Purdue University in 1993. He continued his education with an internship at the University of Saskatchewan followed by a residency at the University of California-Davis. Dr. Lucroy earned a MS in Comparative Pathology from UC Davis while a research fellow at the Center of Companion Animal Health. Dr. Lucroy has been in referral practice in California, Nevada, and Florida and has been a faculty member at Oklahoma State University. Most recently, he was an associate professor of oncology at Purdue University, serving as Chief of Clinical Oncology.
